Disciples of Love

Draft workbook for class use, refinement, and publishing preparation

Welcome to the Journey

This workbook was created to help participants actively walk through the Come, Lord Jesus Discipleship Class. The seven teaching books provide the pathway; this journal gives every disciple a place to respond.

The goal is not merely to fill pages or complete assignments. The goal is to encounter Jesus, receive His grace, obey His Word, practice His way, love His people, and become a disciple who helps others follow Him.

Use this workbook during class sessions, small group discussion, personal prayer, mentorship, leadership training, and weekly discipleship practice. Write honestly. Pray slowly. Apply faithfully. Return quickly when you drift.

How Each Session Works

- Read the assigned chapter before class or listen during the teaching session.
- Write the key Scripture, main truths, questions, and convictions that stand out.
- Answer the reflection prompts honestly before God.
- Turn the lesson into a written prayer response.
- Choose the weekly practice and one concrete discipleship action step.
- Come back ready to share what you practiced, where you struggled, and where you saw grace.

Participant Covenant

Lord Jesus, I come to this journey with open hands. Teach me to receive Your grace, follow Your voice, obey Your Word, abide in Your love, serve Your body, make disciples, and remain faithful until You come. I choose to show up honestly, listen humbly, practice faithfully, love others patiently, and return quickly when I drift. Make me Your disciple. Amen.
